

Please do not allow LPFM to take priority over FM translators.
This could cause me to lose my K-LOVE radio station and that would
be a terrible thing. K-LOVE is the only radio station I have found
that give me positive encouragement. I listen to it at work, at home and in the
car. My children listen to it and in this world we need all the positive
encouragement we can get. The local community I live in is a small town and it is
important to us that we get to choose which stations we listen to. K-LOVE is very
important to our world today. Please do not allow it to be taken off the air.
Thank You
